

### NAAC 2.2.3

The College teaching faculty takes care of students' different needs as and when it arise.

The staff conducts extra periods and spent more hours according to the need of the students. ICT is also used to make teaching/guidance effective. Some weak students are given customised assignments to prepare. Old question papers are helpful to improve the students performance.

A Computer lab, A Language lab, LCD Projectors, Amplifiers, CD, DVD, You tube videos etc. help to cater different needs of the students.

Library is a main source and helps the staff and students.

E-resources like Shodhganga, Inlibnet, Diksha, MS Office, Swayam and different techniques are used by the faculty of the College.
