

#### ***2.4.9 average number of students attached to each school for internship during the last completed academic year***

The trainees studying in the academic year 2021-22 in B.Ed colleges run by IITE Gandhinagar were to participate in the internship programme. Under this programme, the trainees had to select their preferred school from the list of schools of excellence shown in the ERP login by IIT Gandhinagar. This method of school selection was common in the internship program which took place during semester three and semester four. After the selection of the school, the trainees went to the school and obtained the permission of the principal in writing. And they were oriented about the intership program from the institute. An Intership Diary was prepared and provided to keep a record of all the academic, administrative social, cultural.... etc. done by them during the internship program. And he was given an understanding of the entire operation. In addition, other tasks to be performed by the trainees are mentioned in the Schedule of Work During Internship. Through this work the trainees had to engage themselves in the intership program.

Apart from this the trainees was also given guidance on how to work in the co-curricular activities conducted in the school.

It can we say that with the cooperation of the teachers the train is provided accurate experience is of how to do educational work as a teacher in the real word.
